

**2009 – 2010 Powerline Hunt Club
Tree Stand Locations and Information by Zones**

PRESIDENTIAL DISCLAIMER: All tree stand locations are subject to change. Since hunting requires dynamic action, please check this document and the aerial zone photos on the Website occasionally to see if any changes occurred. With all that said, there is always a possibility that you might go to hunt a stand it is not there and has not been updated in this documentation.

The P icons on the aerial photos are where designated parking areas. The maroon line marks the only roads that can be traveled by vehicles during hunting seasons.
